## Participants in the Planning Process

Many stakeholders participated in the planning process, including:

Downtown business owners  
Downtown property owners  
River corridor residents, business and property owners  
Truckee-Donner Historical Society  
US Forest Service  
Truckee River Watershed Council  
Lahonton Regional Water Quality Control Board  
Local residents and professionals

\* A special thanks to Mike Blide at the Cottonwood Restaurant for generously donating the use of his restaurant to hold a public workshop.

Photographs and sketches are used in this strategy to illustrate the general intent of proposed actions. It is understood that the specific details of designs that would actually be implemented will vary and will be subject to the town's review processes as well as other agencies, as appropriate. A specific example relates to photographs that illustrate the potential character of some development and street scenes. Some of these do not have the level of landscaping that would be expected.
